## Castlecrest Silver and Gold Awarded Winners Dog

*Rich Bergman Photo*

**M**rs James Edward Clark of Rimskittle kennels chose Castlecrest Silver and Gold as her Winners dog today from the Open dog class over a total entry of 116.

Breeders Ron and Linda Waggoner bred Ch. Castlecrest Sultan Gold and Ch. Castlecrest Silver Charm to produce today's winner. They have been in whippets for 35 years, breeding whippets since 1993. Their greatest accomplishment in whippets occurred when their bitch, Ch. Lambay's Spice in Castlecrest won the Top 20 Competition in 1995. Spice is the grandmother of this dog. In breeding this litter, their main purpose was to bring forward Spice

in an attempt to keep her beautiful outline and improving movement in their line.

Junior handler Robyn McKim at age 15 proved to be victorious over the rest of the competition today. Her parents Ron and Yvonne McKim have been in the breed for the past 5 years, starting with Castlecrest whippets through Robyn's Junior handling successes. The McKim's feel that their boy exemplifies the breed standard in his outstanding outline, beautiful head, nice sidegait and his goofy, yet affectionate personality. They look forward to seeing their Silver and Gold dog as a champion in the near future!
