

ROM/ROMX/ROMXX Regulations

Approved January 2006; effective April 2006, Revised April 2014

The AWC Register of Merit program was developed to recognize Whippet sires and dams with superior producing ability. This program recognizes specific conformation, racing and coursing titles, keeping with the original purpose of the breed. By utilizing events that already have inspection of disqualifying faults, this proposal provides a fairly simple way for people to utilize several different champion level titles in recognizing superior sires and dams. Following are a list of the titles and venues that will be accepted for the requirements.

ROM/ROMX/ROMXX contributing titles:

- AKC Bench Champion
- AKC Field Champion
- ASFA LCM: Lure courser of Merit or higher titles
- CWA ARX: Award of Racing Excellence
- NAWRA RCh: Race Champion or Supreme titles
- NOFCA CC and CM: Coursing Champion, Courser of Merit
- NOTRA ORC: Oval Racing Champion or Supreme titles
- WRA WRCh: Whippet Racing Champion or Supreme titles
- The “get/offspring” who earns a ROM/ROMX/ROMXX certificate will count as a contributing title for its Sire and Dam's ROM/ROMX/ROMXX title

Qualifying titles and events:

- AKC JC: Junior Courser
- AKC SC: Senior Courser
- AKC MC: Master Courser
- ASFA FCh: Field Champion
- CWA TRP: Title of Racing Proficiency

2. Qualifying titles and events include:

For the above listed events, either proof of title (photocopy) or an official record of attendance can serve to prove the dog has been inspected at least once, for all breed disqualifications.

- ASFA coursing (FCh)
- Proof of competition in the AKC conformation ring.
